

Curriculum Vitae

Meet Jignesh Desai

- **Address-** 604 / Devdarshan Apartment Citylight, Surat
- **Contact No-** 91 8980269260
- **Email ID-** desaimeet1428@gmail.com

EDUCATION

Bachelor of Computer Applications (BCA)

2023 – 2026

C.B Patel Computer College (2023 – 2024)

SDJ International College (2024 – 2026)

CGPA: 8.00

Higher Secondary Certificate – GSEB

2022 – 2023

C.C Shah Sarvajanik English High School

Percentage : 71.02 %

Secondary School Certificate – GSEB

2020 – 2021

Lancers Army School

Percentage : 61.83 %

ACADEMIC PROJECTS

BookMyChef – Android & Web-Based Application

BookMyChef is an online chef booking application designed to connect users with professional chefs for personalized services. The mobile application was built using **Android Studio** with **Kotlin** and **Java**, ensuring structured development and efficient user interface management. For backend functionality, I implemented **Firebase**, which enabled real-time database synchronization, authentication services, and secure cloud data storage. Through **Firebase Authentication**, I gained practical exposure to secure login systems, session management, and controlled user access.

To enhance accessibility and platform coverage, I also developed a separate web-based version of **BookMyChef** using **PHP** for backend logic and **SQL** for relational database management. This multi-platform architecture allowed me to compare cloud-based NoSQL databases with structured relational database systems. It strengthened my understanding of **API handling**, **secure data transmission**, **input validation**, **backend security implementation**, and **role-based access control**. This project marked a significant step in recognizing the importance of integrating security considerations within full-stack application development.

EXTRA CO-CURRICULAR ACTIVITIES

- Participated in college technical events and seminars.
- Served as group project leader for “BookMyChef” and “FixMyVehicle”.
- Organized college event.

CERTIFICATIONS

- Prompt Engineering for ChatGPT
- Basic Android Mobile Development Certification

SOFT SKILLS

- Excellent communication and interpersonal skills
- Strong teamwork and collaboration abilities
- Adaptable and quick learner
- Time management and multitasking capability
- Self-driven with strong work ethic

TECHNICAL SKILLS

- Programming Languages: Python, Java, C, C++, Kotlin, Flutter
- Database: MySQL, SQL, Firebase
- Operating System: Windows, Linux
- Tools and Platforms: Android Studio, Git & GitHub, XAMPP, VS Code
